SKU

: 27722

BRAND

: Custom Crimp

MODEL

: 102941-600

Custom crimp Dial Micrometer for CC400 Production hose Crimpers

Micrometer Setting Example:

Each 100 on the Micrometer represents 1 mm above the closed diameter of the die set. For example, with a 50mm die installed and the Micrometer set at 250, the finished crimp diameter would be 52.5 mm.

$(50\text{mm} + 2.5\text{mm}) = 52.5 \text{ mm}$

Safety notes:

WARNING: Cancer and Reproductive Harm- [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
