\*\* Some features may vary without prior notice. Sale subject to inventory availability

The electrical Custom Crimp CC150MOB series hose crimper with the dial metric micrometer and 240 tons of crimping force has the capacity to crimp 1-1/4" multi spiral hydraulic hose and 2" industrial hose. It is perfect for workshops and on-site services.

Quick change die tooling is included and the easy to read micrometer makes consecutive crimping fast and precise.

Features:

Compact Engineered Design: Small footprint for minimum use of space.

Easy Grease Maintenance: Easy access grease fittings and easily replaceable foam pads.

Save Time: Manual back stop for multiple crimps of the same hose and fitting.

Quick Change Tool: Makes die changes a quick and simple process.

Micrometer Style Adjustment: Provides speed, precision, and repeatability.

Easy Maintenance: The oil level can be checked through the sight glass window and oil can be drained from either of the two ports on the rear of the reservoir.

Notes: Crimper capacity is estimated based on typical 1-piece fitting. Actual results may vary depending on the hose and fitting manufacturer.

Safety notes: WARNING: Cancer and Reproductive Harm-
