SKU

: 5225

BRAND

: DIXON VALVE

MODEL

: 5111A

The 5111A ferrule crimper is hand operated. It is used in a fixed location for small production runs, or mounted on a carrier as a mobile hose repair unit.

The 5111A crimper is designed for the production or repair of hoses using light or medium weight ferrules and stems for air or water hose.

Construction:

Base: 8" x 3"

Body: 7-3/8"

Height: 27" with handle upright

Notes:

Crimper does not include dies

Dies for ferrule machines are available in standard sets for all ferrules as tabulated (4 segments to a set) with either a plain or ribbed crimping surface

Safety notes:

WARNING: Cancer and Reproductive Harm- www.P65Warnings.ca.gov
