

## BAYCAST SAND TEE

DATE  
: 07/08/2026 11:12 AM

SKU  
: 11280

BRAND  
: DIXON VALVE

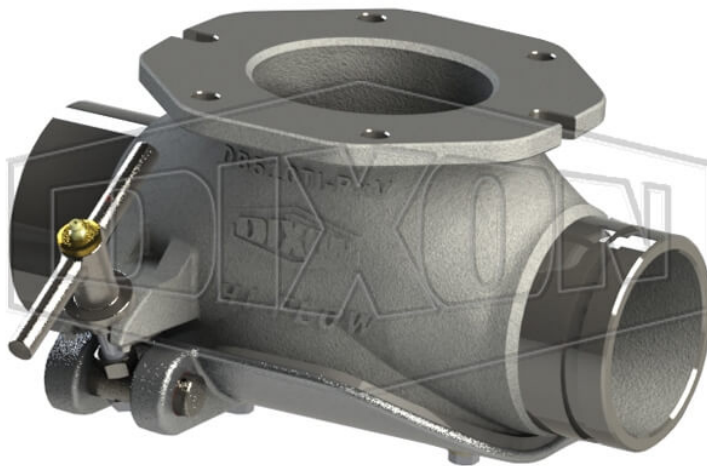

MODEL  
: DB510TI-VXP

Applications:  
Used in the pneumatic loading and unloading of frac sand, cement, or any abrasive materials from a cargo tank.

Features:  
BayCast is a durable and long lasting cast iron alloy from Dixon Bayco ideally suited for resisting wear from abrasive materials.  
High flow design speeds drop rates and provides a long lasting wear resistance  
Schedule 80 wall thickness and extra thick saddles increase service life  
Protective finish resists rusting

Safety notes:  
WARNING: Cancer and Reproductive Harm- [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
