

## BAYCAST SAND TEE

DATE  
: 07/08/2026 11:13 AM

SKU  
: 11281

BRAND  
: DIXON VALVE

MODEL  
: DB510TI-VXT

**Applications:**

Used in the pneumatic loading and unloading of frac sand, cement, or any abrasive materials from a cargo tank.

**Features:**

BayCast is a durable and long lasting cast iron alloy from Dixon Bayco ideally suited for resisting wear from abrasive materials.

High flow design speeds drop rates and provides a long lasting wear resistance

Schedule 80 wall thickness and extra thick saddles increase service life

Protective finish resists rusting

**Safety notes:**

WARNING: Cancer and Reproductive Harm- [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
