

## FLOTECH API OPTIC 5 WIRE OVERFILL DETECTION SYSTEM

DATE  
: 05/21/2026 05:51 PM

SKU  
: 13860

BRAND  
: DIXON VALVE

MODEL  
: FT1003

### Applications:

The FloTech API Optic 5 wire system is perfectly suited for both new and existing tank installations. The components have a long list of features which make them more reliable than competitor products; the result is years of trouble free service.

The FloTech API Optic 5 wire system is a conventionally wired system, which requires wiring connections to be made using crimp connectors.

### Use:

Top Detection Only

### Specifications:

Compatible with the Scully brand 5 wire optic system. The components are drop-in replacements and compatible with the signal format required by Scully brand API Optic 5 wire on-board monitors.

### Features:

API optic 5 wire, 3 compartment overfill detection system (top only)  
FloTech brand overfill system kits provide everything needed to install a new overfill system on your tank. Systems include: 1 FT103 monitor, 1 FT101 overfill sensor per compartment, cable and strain reliefs (cable glands).

### Available Options:

Custom probe lengths are available upon request.

### Note:

All FloTech™ electronics manufactured after January 1, 2015 are covered by our 5 year warranty.

### Safety notes:

WARNING: Cancer and Reproductive Harm- [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
