

CONDUCTOR CABLE

DATE
: 04/18/2026 11:21 AM

SKU
: 24284

BRAND
: DIXON VALVE

MODEL
: FT401

Features:
Red and black 2 wire R/OM type

Safety notes:
Due to the very low current used in overfill systems it's extremely important to use the correct type of cable. The use of other types of cabling often leads to failed overfill systems due mostly to corroded connections. FloTech cable is specially produced with tin plated wire, which when connected correctly using crimp connections, will provide years of trouble free service.
