SKU
: 14095

BRAND
: DIXON VALVE

MODEL
: FT620

Applications:

API loading rack cords are used to connect the loading rack monitor to the socket on the fuel tanker.

Construction:

Plug body is reinforced Nylon

Button contacts are 316 stainless steel to prevent corrosion or galling.

Cord features a heavy, highly visible, safety blue jacket to meet trip hazard requirements.

Cord is bonded mechanically and has superior abrasion and oil resistance.

Compatibility & Interchange Data:

Compatible with API optic configurations.

Cord sets are interchangeable with Civacon and Scully.

All wiring is compatible with standard Sully color codes and wiring number configurations.

The 9 pin conductor is shielded to be compatible with the Scully VIP system.

Safety notes:
