MARCA

: DIXON VALVE

MODELO

: BSS62-300

### Applications:

Bayonet dry disconnect fittings are ideally suited for the spill-less transfer of petroleum products such as fuel oil, lube oil blending, and tank truck delivery. The design of the Bayco bayonet dry disconnect system ensures a spill free connection, fluid cannot flow until couplings are connected together and the valve is opened. The coupling can then not be disconnected until the valve handle is closed.

### Specifications:

Canadian registration number CRN# OH14055 all provinces

### Features:

Helps eliminate the possibility of costly spills

### Construction:

Swivels have a standard ZERK fitting

### Compatibility & Interchange Data:

Interchangeable with the Emco Wheaton™ Dry Break™

### Note:

Rubber dust plugs with stainless steel chains are available to protect the coupler from contamination and damage.

### Safety notes:

For pressure ratings at other temperatures contact Dixon®.
